🚗 Permis B

HARD SKILLS

Languages : C#, Java, Python, C, UML

Web : HTML, CSS, JavaScript

Databases : SQL, PL/SQL

Tools & Environment: Git (Gitflow), GitHub,
Visual Studio

Project Management : Jira, Confluence, Bitbucket

SOFT SKILLS

Technology Watch

Adaptability

Time and Priority Management

Teamwork

LANGUAGES

French: native language

English: B2

INTEREST

Sports

Logic puzzles: chess, brain teasers, etc.

Video games

PROFILE

I am a computer science graduate with a focus on application development and initial hands-on experience with .NET gained at EVS Broadcast Equipment. I am proficient in C# and Java and have a strong interest in backend development. I am looking for my first position as a developer to continue building my skills on real-world technical projects.

EXPERIENCES

EVS BROADCAST EQUIPMENT, LIEGE 2026

- 15-week internship
- Thesis Topic: .NET Implementation of Control Protocols for Next-Gen EVS Servers via Remote IP for the IPDirector Suite
- Integration of remote management for a new type of server into the ip director solution
- Using a REST API and a WebSocket to control and monitor server activity

TECHNOFUTUR — PROJECT MANAGER ROLE 2025

- Supervised 16 students during a hands-on exercise involving the configuration of Check Point firewalls, routers, and workstations
- Earning the Technofutur Labo Networks and Checkpoint Certificate

HACKATHON MIC, MONS 2025

- Using the Scrum Method
- Learning Microsoft Technologies
- Delivery of a working prototype by the end of the event (48 hours)

EDUCATION

2023–2026

HEPH Condorcet, Bachelor's
Degree in Computer
Science, with a focus on
application development

2017–2023

Athénée Royal de Thuin
Business Administration
